BANSAL & CO LLP
CHARTERED ACCOUNTANTS**INDEPENDENT AUDITOR'S REPORT****To the Members of Merhaki Foods and Nutrition Private Limited****Report on the Audit of the Ind AS Financial Statements****Opinion**

We have audited the accompanying Ind AS Financial Statements of Merhaki Foods and Nutrition Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS Financial Statements" or "Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the loss and total comprehensive expense, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation and presentation of its report (herein after called as "Board Report") which comprises various information required under section 134(3) of the Companies Act 2013 but does not include the Ind AS Financial Statements and our auditor's report thereon.

Our opinion on the Ind AS Financial Statements does not cover the Board Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the Board Report identified above and, in doing so, consider whether the Board Report is materially inconsistent with the Ind AS Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

The Directors' Report is made available to us at the date of this auditor's report. We have nothing to report in this regard.

BANSAL & CO LLP
 CHARTERED ACCOUNTANTS

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

BANSAL & CO LLP
 CHARTERED ACCOUNTANTS

- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. No matters were identified in the current period which were significant and required disclosure as the key audit matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1". Our report

BANSAL & CO LLP
 CHARTERED ACCOUNTANTS

expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended In our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid by the Company to its directors during the year under consideration.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the pending litigations which would impact its financial position in Note no. B40 of the Ind AS Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There was no amount which were required to be transferred to the investor education and protection fund by the company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under clause g(iv)(a) and g(iv)(b) above contain any material mis-statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, and the management has represented that the audit trail feature cannot be disabled and the Audit Trail feature has been preserved by the Company as per the statutory requirements for record retention.

BANSAL & CO LLP
CHARTERED ACCOUNTANTS**Annexure 1 to Independent Auditors' Report on Financial Statement of Merhaki Foods and Nutrition Private Limited**

Referred to in paragraph 1(f) of "Report on Other Legal and Regulatory Requirements" of our report of even date.

Report on the Internal Financial Control over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**Opinion**

We have audited the internal financial controls over financial reporting with reference to the Ind AS Financial Statements of Merhaki Foods and Nutrition Private Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with respect to these financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to these financial statement criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by The Institute of Chartered Accountants of India and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to the Ind AS Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures

BANSAL & CO LLP
CHARTERED ACCOUNTANTS

selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these Ind AS Financial Statements.

A company's internal financial control over financial reporting with reference to Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to Ind AS Financial Statements.

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

BANSAL & CO LLP
CHARTERED ACCOUNTANTS**ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT**

Referred to in paragraph 2 under the heading "Report on other Legal and Regulatory requirements" of our report on the Ind AS Financial Statements of **Merhaki Foods and Nutrition Private Limited** as of and for the year ended March 31, 2026.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

(i) In respect of the Company's property, plant and equipment:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment .

(B) The Company has maintained proper records showing full particulars including quantitative details and situation of intangible assets.

(b) Property, Plant and Equipment have been physically verified by the management during Previous year 2024-25. As explained to us, no material discrepancies were noticed on such physical verification as compared to the book records. In our opinion the frequency of verification is reasonable having regard to the size of the Company and nature of its activities.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order, 2020 is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Accordingly, clause (i)(d) of paragraph 3 of the Order, 2020 is not applicable to the Company.

(e) According to the information and explanations given to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, clause (i)(e) of paragraph 3 of the Order, 2020 is not applicable to the Company.

(ii) (a) According to the information and explanations given to us, the inventory, except goods-in-transit, has been physically verified by the management during the year. For goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records.

(b) As disclosed in note B15 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks and financial institutions during the year on the basis of security of current assets of the Company. The loan is further secured by the corporate guarantee by the Holding Company. Basis sanction letter, there is no requirement for submission of quarterly returns/statements with the banks/financial institutions.

BANSAL & CO LLP
CHARTERED ACCOUNTANTS

(iv) Loans, investments, guarantees and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable have been complied with by the Company.

(v) As per the information and explanations given to us, the Company has not accepted any deposits or which are deemed to be deposits from the public within the meaning of Section 73 to Section 76 or any other relevant provisions of the Act and the rules framed there under during the year. Accordingly, clause (v) of paragraph 3 of the Order, 2020 is not applicable to the Company.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, in respect of business activities carried out by the Company. Accordingly, clause (vi) of paragraph 3 of the Order, 2020 is not applicable to the Company

(vii)

(a) According to the information and explanations given to us and on the basis of our verification of records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other statutory dues applicable to it though there has been a slight delay in few cases. According to the information and explanations given to us, no undisputed amounts payable in respect of aforesaid dues were in arrears as at March 31, 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations provided to us, and based on the records of the Company examined by us, the following GST dues referred to in clause 7(a) above which have not been deposited with the appropriate authorities on account of any dispute

Name of the statute	Nature of the dues	Amount (Rs)	Period to which the amount relates	Forum where the dispute is pending
Goods and Service Act, 2017	GST	2,54,655	FY 24-25	ITC Excess availed in GSTR-3B more than admissible under GSTR-2A

(viii) According to the information and explanations given to us, there are no transactions, which are not recorded in the books of account, have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, clause (viii) of paragraph 3 of the Order, 2020 is not applicable to the Company.

(ix) (a) Loans amounting to Rs. 450 Millions are repayable on demand and terms and conditions for payment of interest thereon have not been stipulated. Such loans and interest thereon have not been demanded for repayment during the relevant financial year. The Company has not defaulted in repayment of other borrowings or payment of interest thereon to any lender.

(b) According to the information and explanations given to us, the Company is not declared as wilful defaulter by any bank or financial institution or other lender.

(c) Term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term

BANSAL & CO LLP
 CHARTERED ACCOUNTANTS

basis have been used for long-term purposes by the Company.

- (e) According to the information and explanations given to us, the Company does not have any subsidiary, associate or joint venture. Accordingly, clause (ix)(e) of paragraph 3 of the Order, 2020 is not applicable to the Company.
- (f) According to the information and explanations given to us, the Company does not have any subsidiary, associate or joint venture. Accordingly, clause (ix)(f) of paragraph 3 of the Order, 2020 is not applicable to the Company.
- (x) (a) On the basis of an overall examination of the balance sheet of the Company, in our opinion and according to information and explanation given to us, the Company has not raised any money by way of initial public offer or further public offer (including debts instruments) during the year. Accordingly, clause (x)(a) of paragraph 3 of the Order, 2020 is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) During the course of our examination of the books of accounts and records carried out in accordance with the generally accepted auditing practices and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause (xii) of paragraph 3 of the Order, 2020 is not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 188 of the Act where applicable and the details of such transactions have been disclosed in the Ind AS Financial Statements, as required by the applicable accounting standards. Further, the requirements as stipulated by the provisions of section 177 of the Act are not applicable to the Company.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

BANSAL & CO LLP
CHARTERED ACCOUNTANTS

- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has incurred cash losses of Rs. 480.62 million and Rs. 232.53 million during the financial year covered by our audit and the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Ind AS Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) The Company doesn't fall under the ambit of Section 135 of the Companies Act, 2013. Accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.
- (xxi) The reporting under clause xxi of the Order is not applicable at the standalone level of reporting.

A NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 Corporate information

Merhaki Foods and Nutrition Private Limited ("the Company") was incorporated as a private limited company in India under the Companies Act, 2013 in 2017. The Company's registered office is situated in Plot No. A-183, Prahaladpura, Industrial Area, Shivdaspura, Rajasthan, India, 303903. The Company operating in multi-brand sectors like Appliances, Home Utilities, Fashion / Lifestyle and BPC / HPC category, . The Company is known for its involvement in producing and distributing food products that emphasize health and nutrition. Company also in this sector often focus on developing innovative food solutions, catering to health-conscious consumers, and adhering to nutritional standards.

2 BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS

2.1 Statement of Compliance

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements were authorised for issue by the Company's Board of Directors on 25th May 2026

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupee ('INR'), which is also the functional currency of the Company.

The Company's material accounting policy are included in Notes 2.3 to 2.21

2.2 Basis of preparation and presentation

Going Concern

During the year ended March 31, 2026, the Company has incurred a net loss of Rs. 930.46 Mn (March 31, 2025: Rs. 276.94 Mn) and has accumulated losses of Rs. 2,022.09 Mn as at March 31, 2026 (March 31, 2025: Rs. 1,093.23 Mn), as against total equity of Rs. 2,978.68 Mn (March 31, 2025: Rs. 2,819.06 Mn), reflecting a substantial erosion of net worth as at March 31, 2026.

Notwithstanding the above, the Holding Company, Globalbees Private Limited, has provided a written letter of financial support, confirming its commitment to provide financial assistance to the Company as per requirement. The management of the Company is of the view that, in light of the aforesaid financial support, the Company will be able to meet its obligations as they fall due in the foreseeable future.

Accordingly, these financial statements have been prepared on a going concern basis. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Statement of Compliance

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements were authorised for issue by the Company's Board of Directors on 25th May 2026

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Historical cost convention

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Basis of measurement

The Standalone Financial Statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Equity-settled share-based payment arrangements	Fair value

Significant accounting judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized prospectively.

Functional and presentation currency

The standalone financial statements are presented in Indian Rupee ('INR') Millions, which is also the functional currency of the Company. All amounts have been rounded off to the nearest Millions, unless otherwise indicated.

Assumptions and estimation uncertainties

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment are included in the following notes:

- Note B5- Recognition of DTL, Non-availability of future taxable profit against which tax losses carried forward can be used.
- Note B36- Measurement of defined benefit obligations: key actuarial assumptions;
- Note 37- Fair Value of ESOPs.
- Note 2.7 I- Expected credit loss for trade receivable

Measurement of fair values

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in measuring fair values is included in the Note B29 - Fair value measurements

Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle.
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/liabilities include current portion of non-current financial assets/liabilities respectively. All other assets/ liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Based on the nature of the operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities

The material accounting policies are set out below:

2.3 Revenue recognition

Revenue from contracts with customers is recognised upon transfer of control of promised goods/ services to customers at an amount that reflects the consideration to which the Company expect to be entitled for those goods/ services.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenues when a performance obligation is satisfied.

Revenue from Sale of goods

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The various discounts and schemes offered by the Company as part of the contract.

Goods and Service Tax (GST) is not received by the Company in its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Revenue from Sales of services

LRD Fees

This is facilitation fee of 2% by fellow subsidiary to its affiliated entities or partners to support subvention or business enablement activities. These fees are referred to as LRD fees and are intended to compensate the Company for its role in enabling and managing the underlying commercial transactions.

Subvention fees

Subvention represents the allocation of losses from one entity within the group to another fellow subsidiary. These transactions are undertaken to support the financial position of a fellow subsidiary and do not arise from external customer contracts. Subvention amounts are not recognized as revenue but are accounted for as interCompany support transactions and eliminated in the preparation of consolidated financial statements.

Business enablement fees

Business enablement represents the allocation of profits from one entity within the group to another fellow subsidiary. These transactions are undertaken to support the financial position of a fellow subsidiary and do not arise from external customer contracts. Business enablement amounts are recognized as revenue in standalone financial statements and eliminated in the preparation of consolidated financial statements.

Contract balances

The Policy for Contract balances i.e. contract assets, trade receivables and contract liabilities is as follows:

a. Contract assets and trade receivables

The Company classifies its right to consideration in exchange for deliverables as either a receivable or as unbilled revenue. A receivable is a right to consideration that is unconditional upon passage of time. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset where the right to consideration is unconditional upon passage of time. Unbilled revenue which is conditional is classified as other current asset. Trade receivables and unbilled revenue is presented net of impairment. Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

b. Contract liabilities

A contract liability is the obligation to deliver services to a customer for which the Company has received consideration or part thereof (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company deliver services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Interest Income-

Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

2.4 Property, plant and equipment ('PPE')

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Other incidental expenditure attributable to bringing the fixed assets to their working condition for intended use are capitalized. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. The Company depreciates property, plant and equipment over their estimated useful lives using the written down method.

Depreciation is recognised so as to write off the cost less their residual values over their useful lives, using the written down method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful life considered for the assets are as under.

Category of assets	Number of years
Plant and machinery	5
Leasehold improvements	Over the period of Lease
Office equipments	3 and 5
IT Equipments	3
Furniture and fixtures	3 and 10

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

Leasehold Improvements are amortised over a period of Lease.

2.5 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a written down value basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

The useful life considered for the intangible assets are as under:

Category of Assets	No. of Years
Software license	3

2.6 Financial instruments

I Initial recognition

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

II Subsequent measurement

a. Non-derivative financial instruments

i. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

III Derecognition of financial instruments

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

IV Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

V Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.7 Impairment

1 Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

II Non-financial assets

a Intangible assets and property, plant and equipment

The Companies non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The goodwill impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, discount rates and terminal growth rates. Cash flow projections take into account past experience and represent management's best estimate about future developments.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.8 Provisions

A provision is recognized when the Company has a present obligation (legal / constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

2.9 Foreign currency transactions and translations

Foreign currency transactions are recorded at rates of exchange prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the rate of exchange prevailing at the year-end. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

2.10 Earnings per share

Basic earnings per share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the year

Diluted earnings per share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented.

[Handwritten signature]

[Handwritten signature]

2.11 Taxation

Income tax expense recognised in Statement of Profit and Loss comprised the sum of deferred tax and current tax except the ones recognised in other comprehensive income or directly in equity.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

2.12 Employee benefits

Employee benefits include wages and salaries, provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined Contribution Plans

Contributions to defined contribution plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined Benefit Plans

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The re-measurements of the net defined benefit liability are recognised directly in the other comprehensive income in the period in which they arise. Past service cost is recognised in the Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- b. net interest expense or income; and
- c. re-measurement

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

The Company provides the following as defined benefits plan as -

a Gratuity

The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized other comprehensive income. The effect of any plan amendments are recognized in other comprehensive income in the statement of Profit and Loss.

b Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under Payable to employee, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

c Provident fund

Eligible employees of the Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company's contribution is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related services.

d Compensated absences on non-accumulating

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Remeasurement gains/losses are immediately taken to the P&L and are not deferred. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

2.13 Inventories

Inventories are valued at the lower of cost and estimated net realizable value (net of allowances) after providing for obsolescence and other losses, where considered necessary. The cost of inventories is based on the weighted average formula, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. The cost comprises cost of purchase, cost of conversion and other costs including appropriate production overheads in the case of finished goods and work in progress, incurred in bringing such inventories to their present location and condition. Trade discounts or rebates are deducted in determining the costs of purchase. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

2.14 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.15 Other income

Other income is comprised primarily of interest income, exchange gain/loss on translation of other assets and liabilities. Interest income is recognized using the effective interest method.

2.16 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option, and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option in assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company's lease asset classes primarily consist of leases for Building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Short-term leases and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset is classified as an operating lease. Assets subject to operating leases are included in the property, plant and equipment. Rental income on an operating lease is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss.

[Handwritten signature]

Balance sheet:

For leases that have been classified to date as operating leases in accordance with Ind AS 116, the lease liability will be recognised at the present value of the remaining lease payments, discounted at 14% per annum. The right-of-use asset will generally be measured at the amount of the lease liability adjusted for advance payments and accrued liabilities from the previous financial year.

Income statement:

Adoption of Ind AS 116 is not expected to have material effect on Profit Before Tax (PBT)

Cash Flow Statement:

The change in presentation of operating lease expenses will result in a corresponding improvement in cash flows from operating activities and a decline in cash flows from financing activities.

2.17 Cash and cash equivalents

Cash comprises cash on hand and balances with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term balances, as defined above. The cash flow statement is prepared using indirect method.

2.18 Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount can not be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognized in the restated consolidated financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefit will arise, the asset and related income are recognized in the period in which the change occurs. A contingent asset is disclosed, where an inflow of economic benefits is probable.

2.19 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The board of directors of the Company are identified as Chief Operating decision maker. Refer note 41 for segment information.

2.20 Recent Accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

During the year, MCA has issued certain amendments to the existing Indian Accounting Standards (Ind AS). The Company has evaluated the impact of these amendments on its financial statements. For details of the amendments and their expected impact on the Company, refer Note No. B41.

The Company does not expect any material impact on its financial statements from the adoption of these amendments, except for additional disclosure requirements, where applicable.

2.21 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest millions as per the requirements of Schedule III of the Act unless otherwise stated.

(i) Provision for non-core brand inventories

Pursuant to the report and advice of an independent third-party expert, the Company has implemented a low-risk distribution arrangement involving the Company and certain other group entities, incorporating business enablement fees and subvention fees as key elements assisting in synergies in business operations. In alignment with the policies and procedures of the Holding Company and the Ultimate Holding Company, the management has classified its brand portfolio into core brands and non-core brands.

Consequent to such classification, provisions aggregating to Rs. 116.96 Mn have been recognised towards slow-moving, obsolete, and liquidated inventories pertaining to certain brands (including inventories liquidated under various schemes). Such provisions have been classified as exceptional Items in the statement of profit and loss.

The management is in the process of evaluating the recovery of such losses from the respective brand-owning entities within the group. Pending conclusion of such evaluation and confirmation of absorption by the respective entities, the management of the Company considers it prudent to charge these losses to the statement of profit and loss for the current year. Upon resolution, appropriate accounting adjustments shall be assessed.

(ii) Provision for unrealisable marketing credits

During the year, the Company entered into a barter arrangement with a vendor for liquidation of non-core brand inventories, in consideration, the Company received various marketing credits intended to be utilized in various online and offline marketing modes. Upon assessment of the performance and return on investment of such marketing credits, the management has determined marketing credits aggregating to Rs. 170.59 Mn do not have adequate value in use. Accordingly, a provision of Rs. 170.59 Mn has been recognised in the financial statements and classified as an exceptional item.

Merhaki Foods and Nutrition Private Limited

CIN - U24100RJ2017PTC059188

Notes forming part of the financial statements for the year ended March 31, 2026*(All amounts in INR Millions, unless otherwise stated)***(iii) Impairment of loan recoverable from candes technology private limited**

The Company has during earlier years had advanced loan to Candes technology private limited ("Company") aggregating to Rs. 115.68 Mn as at March 31, 2026. based on an assessment of the financial position of Candes as at March 31, 2026, the management has concluded that the said recoverable is not expected to be repaid in the foreseeable future.

Accordingly, the management of the Company considers it prudent to recognise an impairment provision of Rs. 115.68 Mn towards the principal loan recoverable and additional Rs. 7.07 Mn towards interest accrued thereon, aggregating to Rs. 122.75 Mn. The stated impairment provision has been classified as an exceptional item in the statement of profit and loss.

(iv) Impact of new wage code on leave encashment liability

The Company has assessed the impact of the Code on Wages, 2019 ("New Wage Code") on its employee benefit obligations. Consequent to such assessment, the Company has re-evaluated its actuarial assumptions and the resultant liability towards provision for leave encashment. The past service cost arising from such re-assessment, aggregating to Rs. 0.53 Mn, has been recognised in the statement of profit and loss and classified as an exceptional item.

B29 Earning per share (EPS)

The Company's Earnings per Share ("EPS") is determined based on the net profit attributable to the shareholders of the Company. Basic earnings per share is computed using the weighted average number of shares outstanding during the year.

	For the year ended March 31, 2026	For the year ended March 31, 2025
Loss attributable to equity holders of the company	(930.46)	(276.52)
Calculation of weighted average number of equity shares		
Number of share at the beginning of the year	7,77,07,652	6,93,10,652
Total equity shares outstanding at the end of the year	7,93,10,652	7,77,07,652
Weighted average number of equity shares in calculating basic EPS	7,92,44,775	6,93,33,657
Basic loss per share (In INR)	(11.74)	(3.99)
Diluted earnings per share (In INR)#	(11.74)	(3.99)
Nominal value of equity shares (In Rs.)	1	1

The employee stock options and partly-paid shares are anti-dilutive in nature, hence not considered in computation of diluted EPS.

(This space is intentionally left blank)

B30 Leases**As a Lessee**

The Company's significant leasing arrangements are in respect of operating leases for office building with the exception of short term leases and leases of low-value underlying assets, each class is reflected on the balance sheet as right of use and lease liability. The arrangement generally range between one year to three year. The lease arrangement has extension / termination option exercisable by either party which may make the assessment of lease term uncertain. While determining the lease term, the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

Impact of Ind AS 116 on Balance Sheet

	For the year ended March 31, 2026	For the year ended March 31, 2025
a Opening balance - Lease liability	68.16	43.00
Additions during the year	-	36.52
Deletion during the year	(2.04)	-
Interest Cost accrued during the year	8.21	9.62
Payments during the year	(22.10)	(20.98)
Lease Liability balance as at closing date	52.22	68.16
b Classification as :		
Current	17.06	14.98
Non-Current	35.16	53.18

Impact of Ind AS 116 on Profit & Loss Statement

	For the year ended March 31, 2026	For the year ended March 31, 2025
Expense related to short term/ Low value lease	7.26	7.49
Interest on Lease Liability	8.21	9.62
Gain on extinguishment of lease	(0.66)	-
Depreciation on Right-of-use Assets	16.79	16.57

The weighted average incremental borrowing rate applied to lease liabilities is 14%

The amount of ROU assets and lease liabilities recognised in the balance sheet are disclosed in Note B2 and Note B16 respectively. The total cash outflow for the leases is Rs. 29.36/- Million (including payment of Rs. 7.26/- Million in respect of short term / low value leases) (Previous Year: Rs. 28.47/- Million (including payment of Rs. 7.49/- Million in respect of short term / low value leases))

The undiscounted maturities of lease liabilities including interest thereon over the remaining lease term is as follows :

	For the year ended March 31, 2026	For the year ended March 31, 2025
Not later than one year	23.21	23.59
Later than one year and not later than three years	37.12	49.47
Later than three years and not later than five years	-	14.64
Later than five years	-	-

B31 Fair value

- a. Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values.

The following table details the carrying amount and fair values of financial instruments:

	March 31, 2026				
Particulars	FVTPL	Amortised cost	FVOCI	Total carrying value	Fair value
Financial assets					
Trade receivables	-	1,200.55	-	1,200.55	1,200.55

Other financial liabilities	-	34.87	-	34.87	34.87
Total	-	2,168.39	-	2,168.39	2,168.39

					March 31, 2025
Particulars	FVTPL	Amortised cost	FVOCI	Total carrying value	Fair value
Financial assets					
Trade receivables	-	477.66	-	477.66	477.66
Cash and cash equivalents	-	7.80	-	7.80	7.80
Bank balances other than cash and cash equivalents	-	2.13	-	2.13	2.13
Loans	-	125.45	-	125.45	125.45
Other financial assets	-	253.27	-	253.27	253.27
Total	-	866.31	-	866.31	866.31
Financial liabilities					
Borrowings					
- Long term	-	-	-	-	-
- Short term	-	1,067.80	-	1,067.80	1,067.80
Lease liability					
- Long term	-	53.18	-	53.18	53.18
- Short term	-	14.98	-	14.98	14.98
Trade payable	-	1,140.68	-	1,140.68	1,140.68
Other financial liabilities	-	35.77	-	35.77	35.77
Total	-	2,312.40	-	2,312.40	2,312.40

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

b. Fair value hierarchy

The table shown below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Asset and Liabilities measured at fair value:-

As of March 31, 2026 and Mar 31, 2025, the Company did not have any financial and non-financial assets and liabilities measured at fair value.

Other financial assets and liabilities

i) Cash and cash equivalents, other bank balances, trade receivables, trade payables at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

ii) Loans have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

iii) All financial assets and financial liabilities are classified as Level-3 Fair Value hierarchy due to the use unobservable inputs, including own credit risk.

There have been no transfers between Level 1 and Level 2 during the current financial year

B32 Financial risk management objectives and policies

Risk management objectives and policies

The Company's is exposed to various risks in relation to financial instruments. The main types of risks are market risk, credit risk and liquidity risk. The Company's activities expose it to liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Credit risk	Liquidity risk
Exposure arising from	Cash and cash equivalents, trade receivables, Lease financial assets measured at amortised cost	Borrowings, trade payables and other financial liabilities
Measurement	Aging analysis	Rolling cash flow forecasts
Management	Bank deposits, diversification of asset base and credit limits	Availability of sources of funds

(This space is intentionally left blank)

a. Credit risk

Credit risk arises from cash and cash equivalents, trade receivables, loans, deposits with banks and financial institutions and other financial assets.

Credit risk exposure**Provision for expected credit losses**

In respect to other financial assets, the Company follows a 12-months expected credit loss approach. The Company's management does not foresee a material loss on account of credit risk due to the nature and credit worthiness of these financial assets. Further, the Company has not observed any material defaults in recovering such financial assets. Therefore, the Company has not provided for any expected credit loss on these financial assets except for trade receivables.

March 31, 2026				
Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalent	30.35	0.00%	-	30.35
Bank balances other than cash and cash equivalents	347.32	0.00%	-	347.32
Loans	118.20	97.87%	115.68	2.52
Trade and other receivables	1,231.62	2.52%	31.06	1,200.55
Other financial assets	108.64	0.00%	-	108.64

March 31, 2025				
Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalent	7.80	0.00%	-	7.80
Bank balances other than cash and cash equivalents	2.13	0.00%	-	2.13
Loans	125.45	0.00%	-	125.45
Trade and other receivables	490.90	2.70%	13.24	477.65
Other financial assets	253.27	0.00%	-	253.27

Expected credit loss for trade receivables under simplified approach

As at reporting date the Company has certain trade receivables that have not been settled by the contractual due date but are not considered to be impaired. The amounts as at reporting period analysed by the length of time past due, are:

March 31, 2026				
Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Not due	2.30	0.00%	-	2.30
Not more than 6 months	1,081.31	0.28%	3.08	1,078.23
More than 6 months but less than 1 year	119.63	2.09%	2.50	117.13
More than 1 year	30.68	83.08%	25.49	5.19
Total	1,233.92		31.06	1,202.85

March 31, 2025				
Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Not due	188.00	0.00%	-	188.00
Not more than 6 months	474.93	0.84%	3.98	470.95
More than 6 months but less than 1 year	1.93	19.22%	0.37	1.56
More than 1 year	14.03	63.32%	8.88	5.15
Total	678.89		13.23	665.66

In respect of trade and other receivables, the is exposed to significant credit exposure to a group of counterparties having similar characteristics. Based on historical information about customer default rates, management consider the credit quality of trade receivables that are not past due to be good.

The credit risk for cash and cash equivalents is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Other financial assets being dues from several counter parties and based on historical information about defaults from the counter parties, management considers the quality of such assets that are not past due to be good.

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(This space is intentionally left blank)

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities, and

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not

March 31, 2026

Total	2,312.40	2,267.84	49.47	14.64	2,331.95

c. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

The Company's exposure to foreign currency risk is limited as majority of the transactions are in its functional currency. As at the balance-sheet date, the Company had following foreign currency exposures which have not been hedged by any derivative financial instruments as they are not material.

As at March 31, 2026 the unhedged exposure to the Company on holding financial assets (trade receivables) and liabilities (trade payables) other than in their functional currency amounted to Rs. 4.22 Million (March 31, 2025 Rs. 2.20 Million receivable (net)).

Interest rate risk

The Company is exposed to interest rate risk primarily through its borrowings, which are partly at floating rates. Management monitors market interest rates on an ongoing basis and may enter into interest rate swap agreements to hedge exposure. The Company does not currently consider the exposure to be material to its financial position.

Due to the nature and size of the Company's financial instruments, exposure to interest rate risk is considered immaterial. Therefore, no sensitivity analysis has been disclosed.

B33 Capital management policies and procedures

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern as well as to provide a balance between financial flexibility and balance sheet efficiency. In determining its capital structure, Company considers the robustness of future cash flows, potential funding requirements for growth opportunities and acquisitions, the cost of capital and ease of access to funding sources.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Company amounts managed as capital by the for the reporting years under review are summarized as follows :

Particulars	As at March 31, 2026	As at March 31, 2025
Total borrowings	764.58	1,067.80
Less: Cash and cash equivalents	30.35	7.80
Net debt	734.23	1,059.99
Total equity	956.59	1,725.83
Total Capital	1,690.82	2,785.82
Gearing ratio	77%	61%

B35 Disclosures under Micro Small and Medium Enterprise Development Act, 2006

Particulars	As at March 31, 2026	As at March 31, 2025
a Amount remaining unpaid		
- Principal	205.67	362.01
- Interest	-	-
b The amount of interest paid by the buyer in terms of Section 16 of the Micro Small and Medium Enterprise Development Act, 2006, along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year.	-	-
c The amount of interest due and payable for the period of delay in making payment (which have been but beyond the appointed day during the year) but without adding the interest specified under Micro Small and Medium Enterprise Development Act, 2006.	-	-
d The amount of interest accrued and remaining unpaid at the end of each accounting year.	-	-
e The amount of further interest remaining due and payable even in the succeeding years, until such date When the interest dues as above are actually paid to the small enterprise for the purpose of disallowance As a deductible expenditure under section 23 of the Micro Small and Medium Enterprise Development Act, 2006.	-	-

The ministry of Micro, Small and Medium enterprises has issued an office memorandum dated 26/08/2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum. Based on the information available with the management, there are over dues outstanding to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development Act, 2006. However, the Company has not received any claim for interest from any supplier under the said act.

B36 Employee benefit obligations

a) Disclosure of gratuity (non-funded)

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

These defined benefit plans expose the group to actuarial risk, such as Investment risk, longevity risk and salary risk

Investment risk - The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk - A decrease In the bond interest rate will increase the plan liability.

Longevity risk - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and alter their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk-The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such,an increase In the salary of the plan participants will increase the plan's liability.

Movement in the liability recognised in the balance sheet is as under:

Description	Gratuity	
	As at March 31, 2026	As at March 31, 2025

- iv Primarily due to increase in turnover and receivables
- v Primarily due to increase in net purchases
- vi Primarily due increase in improvement in profit offset by increase in Capital employed
- vii Primarily due increase in improvement in profit offset by increase in Capital employed
- viii Primarily due to increase in borrowing

Detailed explanation of ratios

Current Ratio

The Current Ratio is a liquidity ratio that measures a Company's ability to pay short-term obligations or those due within one year. It is calculated by dividing the current assets by current liabilities.

Debt Equity Ratio

The ratio is used to evaluate a Company's financial leverage. It is a measure of the degree to which a Company is financing its operations through debt versus wholly owned funds. It is calculated by dividing a Company's total debt by its shareholder's equity. Debt excludes lease liabilities

Debt service coverage ratio

The Debt Service Coverage Ratio (DSCR) measures the ability of a Company to use its operating income to repay all its debt obligations, including repayment of principal and interest on both short-term and long-term debt. It is calculated by dividing the earnings before interest tax by Interest payment plus principal repayment of debt.

Return on Equity

Return on Equity (RoE) is a measure of profitability of a Company expressed in percentage. It is calculated by dividing profit/loss after tax for the period by average Equity funds employed during the period.

Inventory Turnover ratio

Inventory Turnover is the number of times a Company sells and replaces its inventory during a period. It is calculated by dividing turnover from sale of products by average inventory.

Trade Receivables Turnover ratio

The above ratio is used to quantify a Company's effectiveness in collecting its receivables or money owed by customers. The ratio shows how well a Company uses and manages the credit it extends to customers and how quickly that short-term debt is collected or is paid. It is calculated by dividing Net Credit sales by average trade receivables.

Trade Payables Turnover ratio

The accounts payable turnover ratio shows investors how many times per period a Company pays its accounts payable. In other words, the ratio measures the speed at which a Company pays its suppliers. It is calculated by dividing net credit purchases by average trade payables.

Net Capital Turnover ratio

It measures the entity's ability to generate sales per rupee of long-term investment. A higher ratio indicates better utilization of long-term funds of owners and the lenders. It is calculated by dividing turnover by Working capital.

Net Profit Margin (%)

The net profit margin is equal to how much net income or profit is generated as a percentage of total income. It is calculated by dividing the profit after tax for the year by total income.

Return on Capital Employed

Return on Capital Employed (RoCE) is a financial ratio that measures a Company's profitability and the efficiency with which its capital is used. In other words, the ratio measures how well a Company is generating profits from its capital. It is calculated by dividing profit before exceptional items, Finance cost and tax by capital employed as at year ended.

Return on Investment

Return on investment (ROI) is a financial ratio used to calculate the benefit an investor will receive in relation to their investment cost. It is most commonly measured as net income divided by the original capital cost of the investment. The higher the ratio, the greater the benefit earned.

B40 Commitments and contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

	As at March 31, 2026	As at March 31, 2025
Claims against the firm not acknowledged as debts		
Indirect tax matters	0.25	4.08
Legal and other matters	-	1.00

(i) It is not practicable for the Company to estimate the timings of the cash flows, if any, in respect of the above pending resolution of the respective proceedings as it is determinable only on receipt of judgements/ decisions pending with various forums/ authorities.

(ii) The Company have reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required or disclosed as contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.

B41 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

I. Ind AS 1 (Presentation of Financial Statements): Classification of Liabilities: Clarifies that liabilities are classified as current/non-current based on rights existing at the reporting date, replacing "unconditional right" with "substantive right" to defer settlement.

Covenants: Enhanced disclosures are required for covenants that must be met within 12 months, specifically how entities manage the risk of breaching those covenants.

The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

II. Ind AS 7 & Ind AS 107 (Cash Flows & Financial Instruments): Supplier Finance Arrangements: Companies must provide detailed disclosures on supplier finance arrangements (reverse factoring), including terms, outstanding balances, and liquidity risk, to improve transparency.

The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any impact in its financial statements

III. Ind AS 12 (Income Taxes - Pillar Two): Global Minimum Tax: Introduces a temporary exception to deferred tax accounting related to Pillar Two model rules. It requires new disclosures about exposure to this tax, which treats top-up taxes as current tax expenses

The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any impact in its financial statements

IV. Ind AS 21 (Effects of Changes in Foreign Exchange Rates): Lack of Exchangeability: Provides guidance on assessing when a currency is exchangeable and how to determine the spot rate when it is not.

The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any impact in its financial statements.

B42 Other statutory information

- i The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- ii The Company has no transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956
